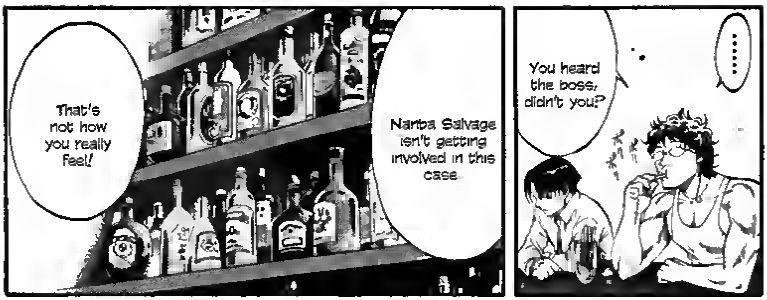
Chapter 99 The Boss's Terms

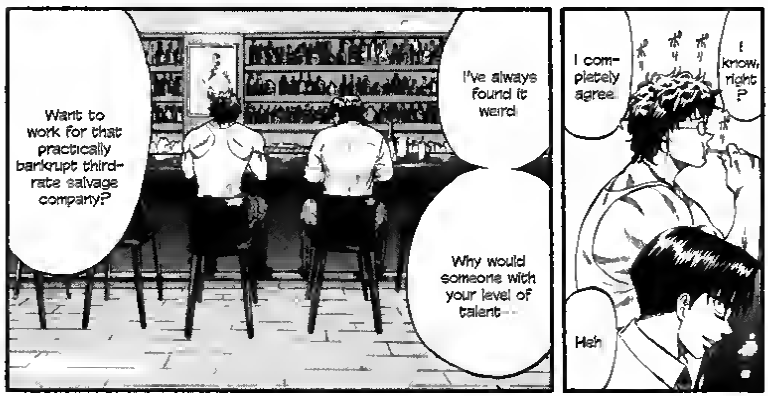
Even SMATT, the biggest salvage company in the world, acknowledges how good you are.
You're the only diver in Japan qualified to deal with arms and explosives.
Sawamura Takeshi. I need your skills.



That's not how you really feel!
Namba Salvage isn't getting involved in this case.
You heard the boss, didn't you?
.....

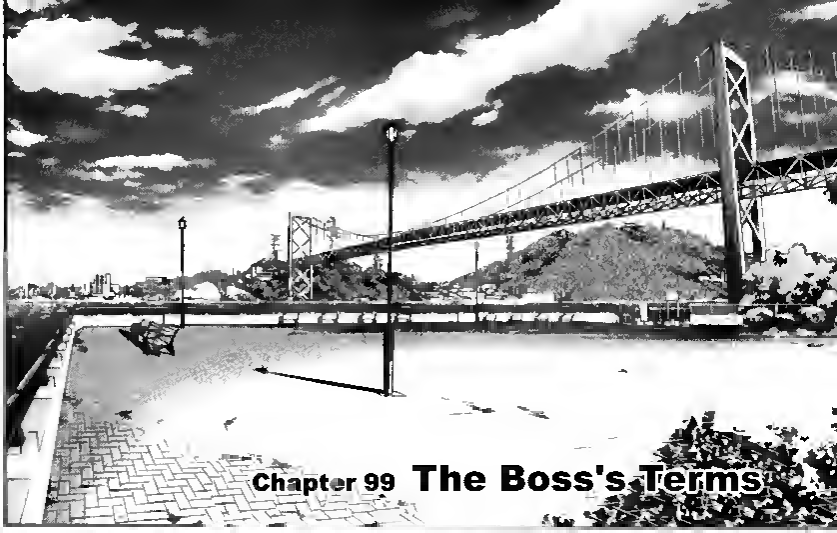
This job is *huge!* It's a once-in-a-lifetime opportunity! This is our chance to show the entire salvage industry what we've got! And he turned it down?!
Seriously, I don't get that boss of yours.

2

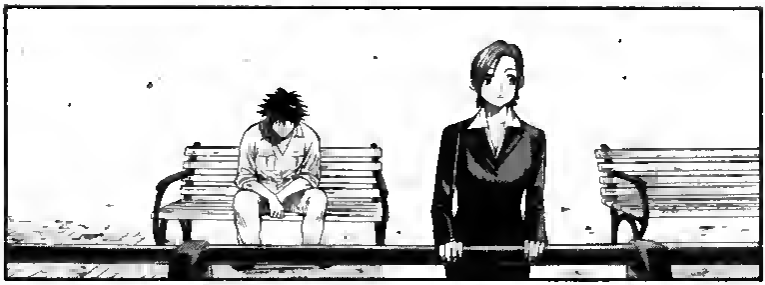


Want to work for that practically bankrupt third-rate salvage company?
I've always found it weird.
Why would someone with your level of talent--
I know, right?
I completely agree.
Heh

I hear the first owner, Nanba Kanji, was really good
I can understand why you'd work for him, but...
What's the point in sticking with...
That useless boss you've got now?



Chapter 99 The Boss's Terms

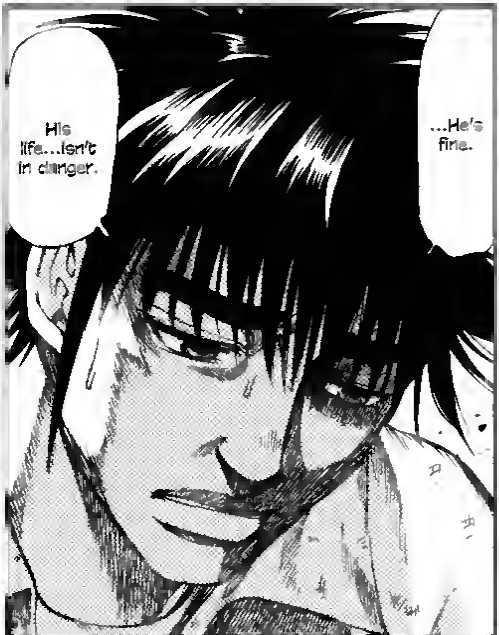


I was worried.
So...
How's your friend?
Uh...

Sorry for showing up uninvited...
Huh?
N-no, it's my fault. I didn't notice you'd called.

5

You must be so relieved!
Really? Thank goodness!
.....



His life...isn't in danger.
...He's fine.

They keep showing the spy boat on TV.
Every time I watch it I get so scared.
Just thinking that it's real and that your friend got shot...
Rin-chan...?
?
I'm so glad he's okay
Did something
Happen to your friend?

Why don't you come work for me?

Nanba doesn't have to get involved
This time I'll hire you!
Just you!
Moonlighting for other companies because Nanba's debt is so large
I know you've been...
Remember back at the Malaysia Training Centre?
.....

That humiliation you inflicted on me...
When you were the teacher and I was your student?
I'll even let that slide

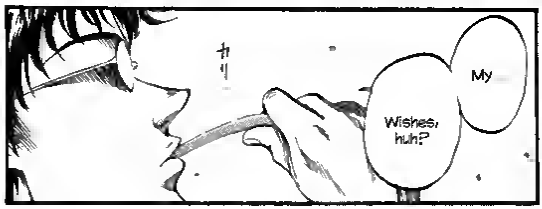
Once looked like that, long ago
Rin-chan, your dad...
Eight years ago...
He came to see my grandpa...
About eight years ago, I think
And he had the same look on his face
.....!!
Huh?

I see... Dad lost his best friend...
He suffered and he endured it...
All by himself...
By himself...
.....
When Eiji's dad...
Died...

So I ran away, but...
I couldn't understand how you felt...
When you told me you were afraid of the ocean...
The other day...
This time I won't run, so talk to me.
Don't suffer alone like your father did...

You'd be paid like crazy.
All your wishes would come true!
You'd be much better off working for me

Instead of working for that guy...
An unreliable boss who's never going to get ahead...

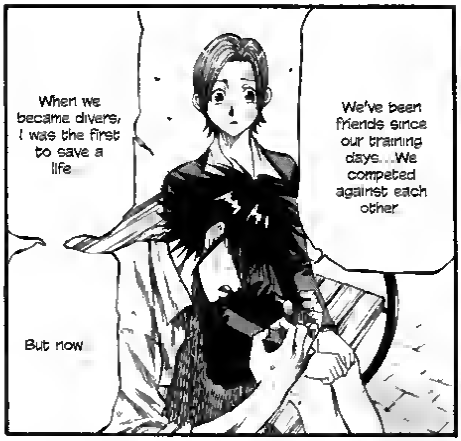


My
Wishes, huh?

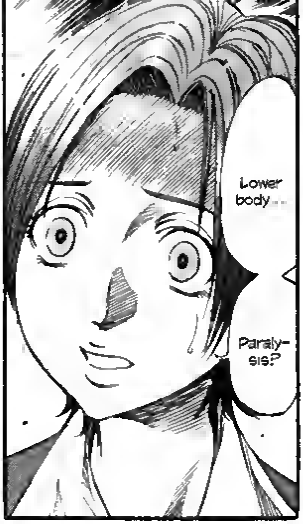
12

He was acting funny back at Coast Guard headquarters...
So I asked my contact to do a little digging.
Turns out his friend got shot in the battle against the spy ship and ended up paralyzed with a spinal injury.

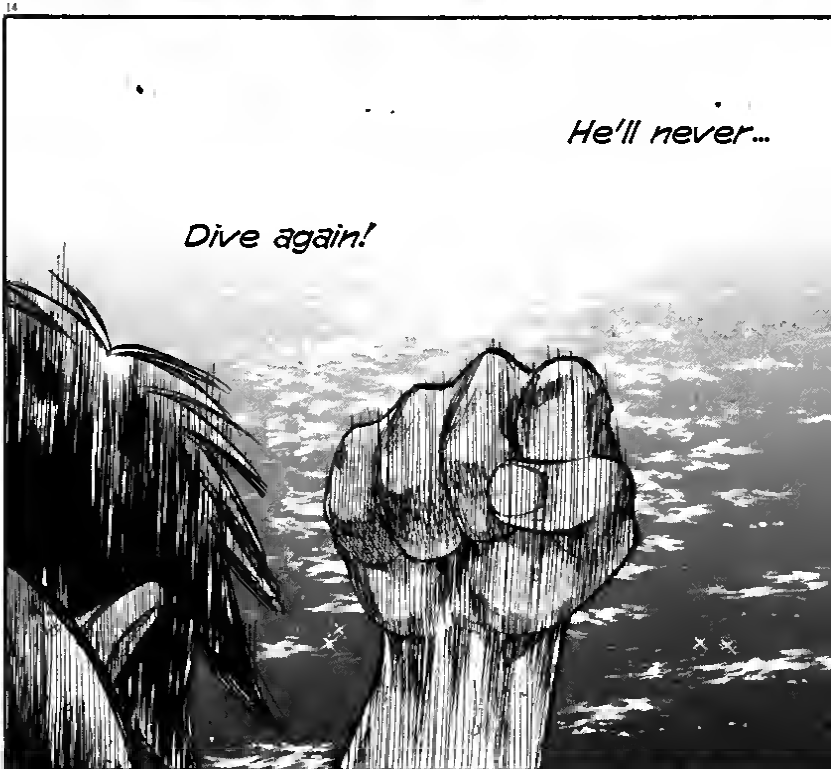
He refused to take the job because of what happened to his friend?
For such personal reasons...
He turned down a job that would have benefited everyone in his company?!
はははは
Huh?
13
And he calls himself a business-man?!
That settles it! You really should work for...
What I really want...
isn't just money.
It's stimulation. I want to feel my heart pounding and my blood boiling!



When we became divers, I was the first to save a life
We've been friends since our training days....We competed against each other
But now



Lower body...
Paralysis?



He'll never...
Dive again!

We joined the Coast Guard so we could save lives! Not to fire guns! We didn't join so we could kill or be killed!
If I hadn't left the Coast Guard...
Maybe I would have been shot instead of him...
None...
None of this is your fault!
But this...
I don't want to...
I don't want to go to that killing field...
I turned down a massive job
I said I was doing it for my employees, but that was a lie
Then whose fault is it?

I don't want to go where Kakihara was shot!
I don't even want to help them go there!
The ocean may look open...
And free of obstacles, but that's not the case at all.

Rights, national borders...
A place where people fight each other...that's the ocean.
In addition to the natural dangers...
The unseen hands of humans are also at work.
The terror of that other side
The boss has finally realized
17
We know he was lying when he told us why he turned the job down.
All of us at Nanba are waiting for his answer.
To survive on that ocean.
And now he's being tested to see if he has what it takes...
Sure, you're much better than him, but—

When he finally decides to live in that ocean...
He's gonna be a lot more interesting than you!

Rin-chan...
Don't go...
You don't have to.
If you don't want to go...
